Police identify victim of fatal motorcycle collision

Howard County police have confirmed the identity of a man killed in a motorcycle collision yesterday in Ellicott City.

Police were called at 11:13 a.m. when a man on a 2013 Kawasaki Ninja was struck by a Saturn while speeding through a red light at an intersection. He was taken to Howard County General Hospital (HCGH), where he was pronounced dead. He has been identified as Terrence Alan Robinson, 24, of Windsor Mill.

Through preliminary investigation, police learned that the motorcyclist had been observed by a police officer speeding westbound on Route 40 near the Howard County line. The officer activated emergency equipment and attempted to stop the motorcycle. The operator refused to stop and continued to travel at a high rate of speed. To avoid a high-speed pursuit, the officer deactivated his emergency equipment and ceased to follow the motorcycle.

According to witnesses, the motorcycle continued speeding through a red light at the intersection of Route 40 and Normandy Drive. He then sped into the intersection through a red light at Route 40 and Rogers Avenue, where he was struck by a 2001 Saturn making a legal left turn on a green arrow from eastbound Route 40 onto Rogers Avenue.

The driver of the Saturn was taken to HCGH as a precaution, with no serious injuries. She has been identified as Carole Ann Fisher, 78, of Ellicott City.

Police have confirmed that the driver of the Kawasaki did not have a motorcycle operator's license at the time of the crash. His standard driver's license was suspended.
